## FORTY UNDER FORTY

To celebrate its 40th anniversary, this year's awards also celebrated '40 under 40', 40 lighting designers aged under 40 who, the judges argued, will be ones to watch in the years to come.

The 40 were part of a new generation, the judges said, that were 'more driven, diverse, collaborative, curious, global, tech-savvy

and passionate than ever'. The 40 were selected from 20 countries through a combination of being nominated by principals, recognised through winning awards and competitions, and some were selected by a panel of experts as ambassadors for the industry.

The forty to watch were:
